

Jiahua Zhu received the B.S. degree in electronic engineering and Ph.D. degrees in information and communication engineering from the National University of Defense Technology, Changsha, China, in 2012 and 2018, respectively. He is currently an assistant professor with the College of Meteorology and Oceanology, National University of Defense Technology. From November 2015 to November 2017, he was a visiting Ph.D. student with the School of Engineering, RMIT University, and the Department of Electrical and Electronic Engineering, University of Melbourne, Australia. His current research interests include waveform design and target detection for radar and sonar. He received the Best Paper Award in The 9th Research Symposium for Chinese PhD Students and Scholars in Australia, 2016, and the outstanding Ph.D. degree thesis of the Chinese People's Liberation Army (PLA), 2020. He was a technical committee member and an invited speaker of 2020 IEEE 5th International Conference on Signal and Image Processing (ICSIP 2020).
